Test Summary Report

Project Name: Demoblaze E-Commerce Web Application
Test Plan ID: TP_DEMOBLAZE_001
Tested By: Harshith

Objective:

To validate the functionality of core modules including Signup, Login, Add to Cart, and Place Order through manual test case execution and defect identification.

Modules Tested:

1 Signup
2 Login
3 Add to Cart / Cart
4 Place Order

Test Execution Summary:

Total Test Cases	38
Passed	33
Failed	5
Blocked	0
Pass Percentage	86.84%

Defect Summary:

1 BUG_001 - User not redirected after successful signup (Major, High)
2 BUG_002 - Product added to cart without login (Critical, High)
3 BUG_003 - No validation for invalid credit card (Critical, High)
4 BUG_004 - Cancel order option missing (Minor, Medium)
5 BUG_005 - Order placed with empty cart (Critical, High)

Conclusion:

Testing was completed for all planned modules. Most functionalities are working as expected. However, critical issues related to authentication and order validation were identified and reported. The application requires defect resolution before production deployment.
